Student of the Week

Friday 29th July 2022

Presented at assembly

Wednesday 3rd August 2022

JNR School	Cortez <i>For showing great perseverance in his learning.</i>
SDM	Emerald <i>For working hard to show more independence</i>
SEP	Deklan <i>For showing responsibility and helping to create a positive learning environment.</i>
PMP	Noah M <i>For following all PMP routines and being a great leader.</i>

Words from our Principal on the job – Brett Speed

Another week has quickly gone by with the Professional Practice

Day occurring earlier this week. We would like to thank the parents for allowing this day of learning to go ahead for our teachers. It has been a smooth start to the term.

Professional Practice Day:

Staff engaged with Mel Petersen and her team from DET around Individual Education Plans and Student Support Plans to align with the new funding model for disability and inclusion. The session was informative and engaging.

RAT tests and masks:

These can still be collected from the office for at home testing. If your child has cold or flu-like symptoms, please ensure they are tested. If a positive result is returned by your child, please contact the office for further information. Masks are encouraged to be worn when indoors. We thank you for your continued support.

Demolition works:

The works have continued at a fast pace this week with the majority of the middle building. Works will commence on the interior of the hall and entry way creating a visually appealing space for our students, families and school community to use.

Please refer to my previous communication via e-mail about limited school access this coming Saturday 30th July.

Robotics:

The whole school robotics program continued this week with students exploring movement around objects. In the senior school students creatively built structures (obstacle course) to navigate through and around.

Junior students worked on developing core language around movement and location. They then used the different features of the robots to move around mats and experiment with the movement buttons.

Tours and forward planning:

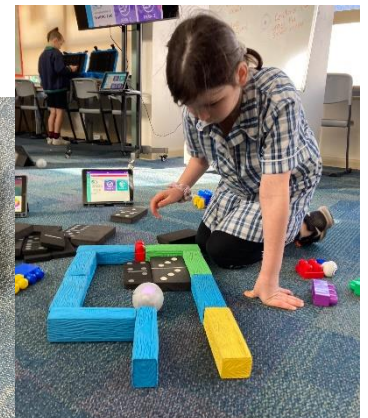

School tours are being conducted frequently with interest growing in our school community. It has been lovely showcasing prospective families our school with several joining our community in the past few weeks. Please continue to make them feel welcome.

With 2023 planning currently underway we are encouraging families to submit their enrolments for any child transitioning to school. If these could be submitted prior to **Friday 12th August** it would be greatly appreciate and allow for further planning moving forward.

Hope you all have a lovely weekend.

TRIBES 27th July 2022

For this week's Tribes session, the leaders organised and ran a lego marble run activity. Each tribe worked together to try to build the slowest marble run, using a lego mat and

lego pieces. Many Tribes points were awarded for teamwork and leadership throughout the challenge. Students

also offered some great reflections on the process. Great work, Carrington!

to

- ❖ Ruby (JJM)
- ❖ Mrs Marsden
- ❖ Kyle (SEP)

on their special day next week.

Art Room Requests

Over the next few weeks can families please be on the look out for clean plastic tops (from milk, yoghurt containers, etc) and small cardboard boxes (eg cereal boxes/muesli boxes etc) for our lessons later in the term.

Hand them to your classroom teacher.

Much appreciated
Danielle Phillips
